

Seichim! *Living Light Energy!*

Facet 3 in Seichim is the next step to Reiki, if you have already taken Reiki II. Jaya initiates you, but you are given the tools to do your own self-empowerment.

Seichim began in Egypt in the 1800's and was brought through to Tibet. It contains both "Fire and Water". The 15 symbols were later translated into Sanskrit. Jaya teaches Facets 3, 4 and 5. Jaya was initiated by Tibetan Master, Sunyata Saraswati in 1991.

It is the "Father" energy; the energy of authority. The training gently helps heal issues of authority, as well as other issues, physical, mental and spiritual. We need to heal these issues if teaching is in our future. Just say the word Seichim (Say-Keem) and you will feel your hands heat up with laser energy. It is time now to allow others to be in your "light"!

Facet 3: Sunday, Oct. 13
